MALHAVOC PRESS

2004 BLOCKBUSTERS!

JOIN OUR PLANESCAPE REUNION IN...

BEYOND COUNTLESS DOORWAYS!

Spice up your game with imaginative planar locations like you've never seen! Don't know what's on the other side of that portal? Did your characters suddenly *plane shift* to another dimension? No problem. Just open this book, and away you go.

In this new collection of 15 modular planar locales, Malhavoc Press reunites four veteran game designers of the classic *Planescape*® setting: Monte Cook, Colin McComb, Wolfgang Baur, Ray Vallese, plus illustrator rk post. The book also features a foreword by *Planescape* creator David "Zeb" Cook.

Beyond the scope of the mundane world lie the infinite planes: realms of gods and demons—and treasures beyond imagining. Each plane is fully described and ready for exploration; together they form a complete cosmological framework for any campaign. The book also contains dozens of new monsters, NPCs, magic items, and spells unique to these planes.

Discover new planes of wonder beyond each doorway in this 224-page hardcover, due out in October 2004.
